

As a youth who is building and striving to reach the top of her goals. If I am given an opportunity of 5000 euros. I would use it to move my small plans into a bigger one by using it in my business to acquire more space that can accommodate my planting and improve more of the makings of nutrition and herbs into a bigger quality (finally I will be getting the quantity and quality of my business with the 5000 euros) and I will also use some part of it to further my Education in Master's Degree to acquire the completion of being and be called a full certified Biotechnologist.
